HELPFUL INFORMATION FOR STUDENTS & PARENTS

- Payment for all services provided is due at the time services are rendered. However, Emory SHS will submit a claim for patients to any third party or insurance carrier with whom Emory SHS contracts. **Any fees not paid by the third party or insurance carrier are the patient's responsibility**
- Please be advised that students have a **responsibility** to: **1.** carry their insurance card with them at all times **2.** understand their insurance benefits (or ask questions) **3.** ensure the physician and health center are participating providers for their plan **4.** Contact your primary care physician (PCP) prior to seeing a specialist, if required
- When needed, students should inquire about coverage with their insurance carrier by providing the **Tax ID # 27-1119602 (Emory University Student Health Services, LLC)**
- **Each insurance company/plan determines how much it will reimburse for different medical services, and those rates vary widely.** Student Health (and Emory Healthcare) determines the charges for patient care based on knowledge of the treatment.
