

# Emory PrEP Process

Office of Health Promotion and  
Student Health Services

## What is PrEP?

A system of prevention including daily medication (Descovy or Truvada), increased condom usage and testing for people who are not currently HIV+

STEP  
01

STEP  
02

## Is PrEP for you?

Check out  
[cdc.gov/hiv/basics/prep.html](https://www.cdc.gov/hiv/basics/prep.html)  
to learn more about PrEP

## Schedule

Contact Elaine Miller or Brandi Benton to set up your initial appointment  
All appointments have health education, a clinical provider visit, and labwork

STEP  
03

STEP  
04

## Follow Up

Appointments will be every 3 months, Give us at least 2 weeks to book you in for your next appointment

## PrEP Everyday

Once a day, take your medication, engage in safer sex practices, and communicate with your partner(s)!
