Emory University requires that all degree-seeking and international students either have health insurance or purchase the University-sponsored plan. In order to waive enrollment in the University-sponsored plan, newly enrolled students for Spring or Summer 2013 must show evidence of enrollment in a United States domiciled health insurance plan that meets waiver criteria. However, some Emory students may have failed the waiver process (or failed to complete the process by the deadline date) and yet may feel that they should be exempted from this requirement. Therefore, the University has created a Student Health Insurance Requirement Appeals Committee, consisting of students, faculty and staff, to review and vote upon requests for reconsideration of denied waivers. Please note that this appeals process is only for newly enrolled students for Spring or Summer 2013.

The committee will make every effort to decide upon appeals prior to the start of insurance coverage for the Spring and Summer Semesters. However, should a student be charged for the Emory plan and the committee subsequently decides to grant the waiver after consideration of the appeal, the charge will be reversed by Student Financial Services. The deadline for appeals is February 8, 2013, for Spring 2013 and June 18, 2013 for Summer 2013, since this is the date that Emory will have to pay the insurance company the premium for your enrollment in the plan.
