

Travel Medicine Clinics

Emory Students:

If you are traveling internationally, please book a travel medicine appointment at least 4-6 weeks before your travel. Register with Emory ISOS if your travel is Emory affiliated (study abroad, internship, research):

<https://global.emory.edu/services/travel/isos.html>

All travelers:

Register with the US State Department STEP program:

www.step.state.gov

Research your trip at the Centers for Disease Control and Prevention (CDC) travel website:

www.cdc.gov/travel

Call your insurance company to find out coverage before booking an appointment. Some insurance companies do not cover travel medical visits or vaccines.

The Emory University Student Health Insurance Plan purchased by students through Emory University covers the cost of a travel health visit and vaccines at Emory University Student Health Services.

Call Emory Student Health Services Front Desk Office to book travel medicine appointments – 404-727-7551

IF YOU DO NOT HAVE the Emory Student Health Insurance Plan, here are some other clinics that do the appointments:

Georgia Department of Public Health locations in Metro Atlanta Travel Health Services are offered by appointment only. For more information or to schedule an appointment, Call 770-514-2300.

If you arrive more than 15 minutes late for your appointment, you will need to reschedule for another time.
